Letter-Organizing a day out.

Write a letter, about 100-150 words following these instructions. At the end of this post, you will find information about the structure of a letter.

I have organized a day out in the country with some friends. I send them an e-mail mentioning my final decisions: the transport we are using, the things each of us should take and the time and place we will meet.

Hi there,

Here are the plans for our day out. I think it would be a good idea to visit Viella and the best option to get there is by train. During the trip, we can enjoy the view of the mountains. It's amazing! I'm sure that you'll like it. When we arrive in Viella, we are going to visit its historical monuments. After that, we're going to have lunch in a traditional restaurant. I have booked a table in one of the best ones.

By the way, we should take a bottle of water, a cap, some lightweight hiking boots because we are going to walk a lot and a raincoat in case it rains. I think that, it's better if we meet in the train station about 7 am. It'll take us about an hour to get there.

I'm sure we'll have a great day!!

See you soon,

Aixa.
